SOFT CUSHIONING

Item No.: 3900/513/9111100/0000  
Medi-soft | blau

The special thing about this affordable Medi-soft blank is the  $\frac{3}{4}$  length of the base part, which disappears in the ball area. This allows it to quickly and individually adapt to existing footwear.

We have selected an anatomical shape and a comfortable footbed with a smooth pelotte for the Medi-soft. This blank is thus especially well suited for patients who are receiving insoles for the first time and may have difficulties getting used to them.

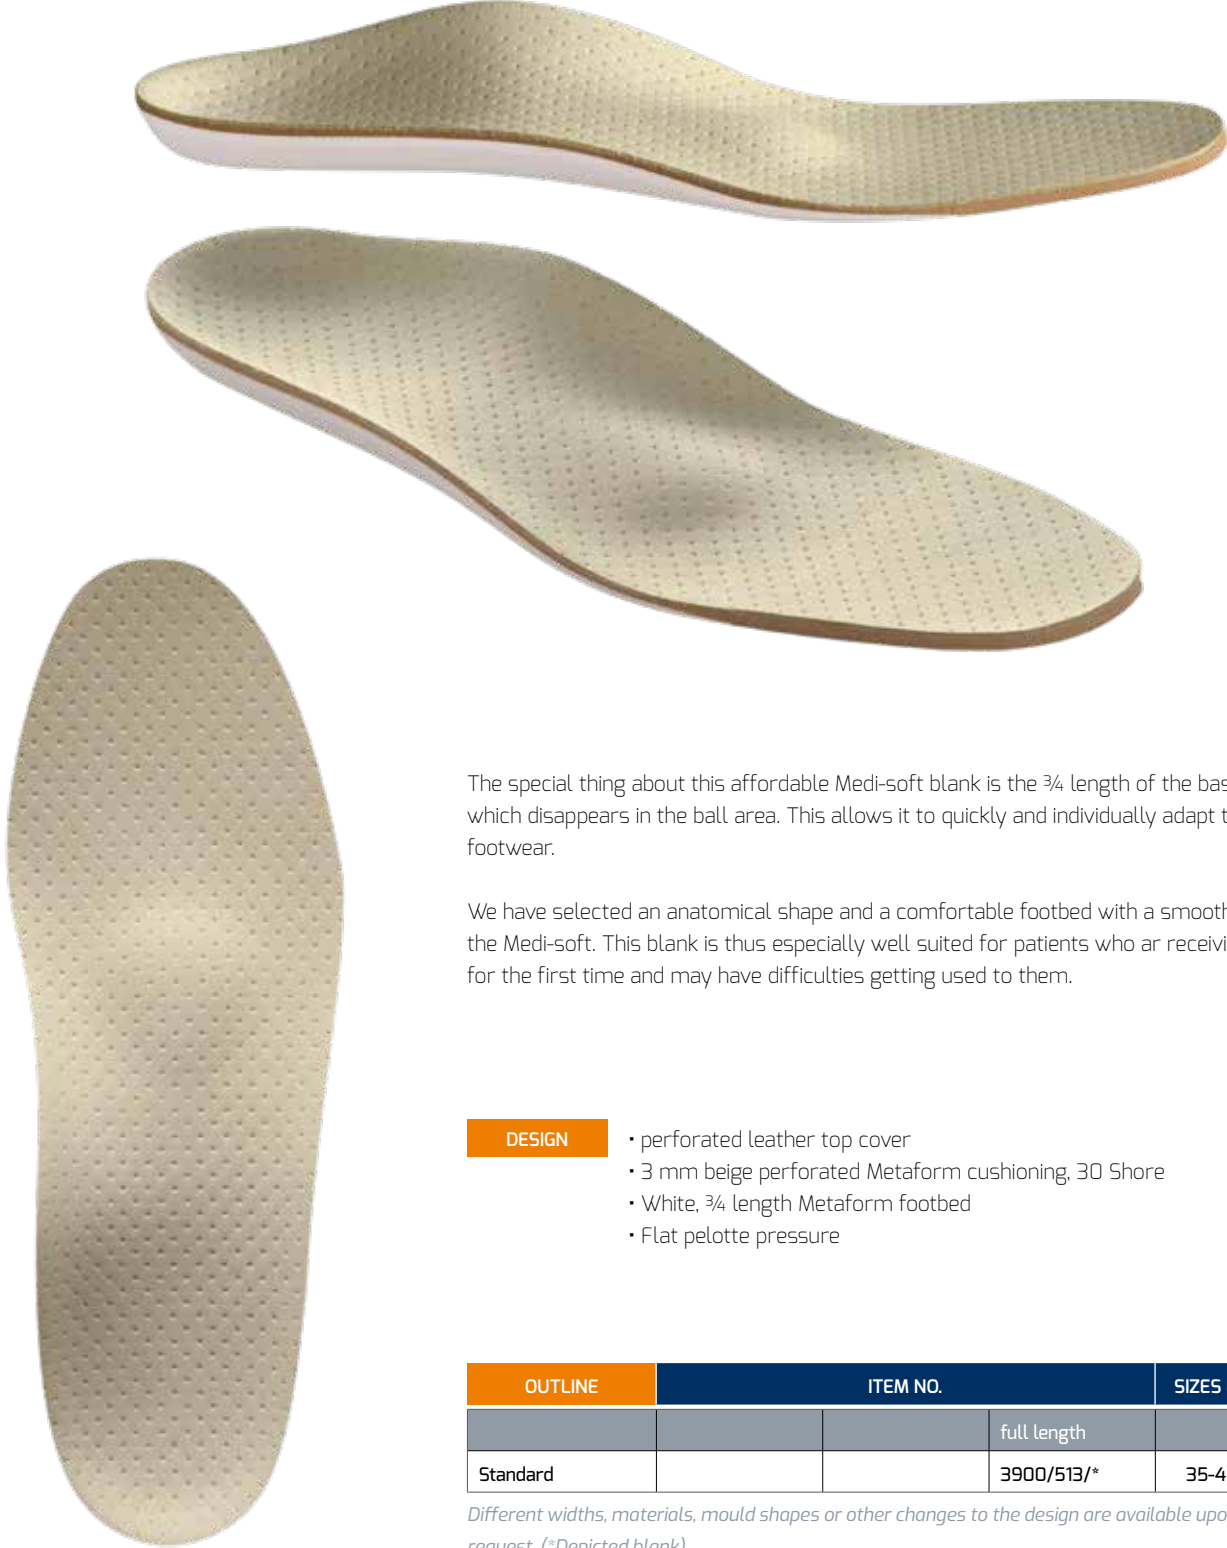

- DESIGN**
  - 3 mm blue perforated Metaform cushioning, 30 Shore
  - White,  $\frac{3}{4}$  length Metaform footbed
  - Flat pelotte pressure

## Perfect for long distances

The PU cushioning with memory effect makes the »Sprint« blank a perfect choice for walking or hiking.

Item No.: 3900/614/0081100/0000

»Sprint«

SOFT CUSHIONING

This blank is used in the walking and hiking segment since the dark blue PU has an absorbing memory effect, while proving to maintain its form at the same time.

We can supply this blank in two different degrees of firmness:  
Metasoft = more elastic, Metaform = more stable.

### DESIGN

- Sprint cushioning
  - > on the top = 3 mm dark blue memory PU with film, 40 Shore
  - > on the bottom = 3 mm light blue PU, 20 Shore
- White, short-soled Metaform footbed
- Flat pelotte pressure

Item No.: 3900/725/0099280/2222  
Metasoft footbed with twin cushioning

This blank is well suited for pressure-sensitive feet. Thanks to twin cushioning, the foot is well supported and sensitive areas are relieved. This model is also popular for persons suffering from rheumatism or diabetes.

We can supply this blank in two different degrees of firmness:  
Metasoft = more elastic, Metaform = more stable.

- DESIGN**
- Twin cushioning
    - > on the top = 3 mm light blue PU with film, 20 Shore
    - > on the bottom = 3 mm EVA foam, anthracite, 15 Shore
  - White, full length Metasoft footbed
  - Flat pelotte pressure

- VARIANTS**
- Metasoft or Metaform
  - With or without a covering
  - Shaped for shoes with a wider forefoot, wide
  - Shaped for square-toed shoes

OUTLINE	ITEM NO.			SIZES EU

## Modul-Tec // building kit

The Module Tec system enables the combination of various models of base and top parts made of different types of material.

Item No.: 6000/100/...  
Module Tec system | base part

SOFT CUSHIONING

UB 54

Shape 100

UB 54

The Module Tec insole system consists of a base part without pelotte pressure and a pre-formed cushioning top cover. The depicted base parts are made in two different models from four different materials.

In addition to the models listed in the table, we can also supply full length and ¾ length versions.

The base parts can be combined with the upper layers listed on the following pages.

			SIZES EU
